Plan/Accounting of how these funds will be spent:		
Description	Budget	Explanation
Murrells Inlet Bike Path Project	\$190,000.00	Required to complete project based upon additional earmark compared to lowest bid received, with contingency and funds expended for utility relocates to date.
Grand Total	\$190,000.00	

Please explain how these funds will be used to provide a public benefit:

The area adjacent to Highway 17 Business, across from the Murrells Inlet Bike Bridge, has been used for years by people as parking. Locally it's been referred to as the Bike Bridge Parking lot, although technically parking has been prohibited. The area is not presently graded safely nor is traffic access managed. This creates an unsafe condition for unauthorized parking and citizens using it for access to the path. To improve recreational access and pedestrian and cyclist safety, this area is being officially converted into parking with construction anticipated in Q4 2023. This project will add 13 spaces along with a crosswalk from the Murrells Inlet Bike Bridge. This area also aligns with the vision for greater access to the East Coast Greenway.
