Please explain how these funds will be used to provide a public benefit:

These funds will be utilized to promote the natural treasures, fishing, and outdoor adventure opportunities for tourists for Anderson, Oconee and Pickens counties. Through a variety of media, Lake Hartwell Country will leverage these funds to offer dynamic advertising to potential tourists. Tourism is one of the largest economic drivers of the region, and Lake Hartwell Country is poised to make a major impact on increasing the numbers of both visitors to the region and their dollars spent while here. Without the economy that tourism brings to this largely rural area, there would be far less industry particularly in the area of outdoor adventure activities, restaurants and lodging. These are crucial aspects of the local economy and these marketing dollars spent by Lake Hartwell Country helps ensure those aspects are healthy and thriving. We also utilize partnerships with regional partners to give the most value for the dollars spent, often promoting small businesses and outfitters that do not have the capital to promote themselves. This helps ensure growth in the small business sector, which increases jobs and other opportunities for locals and visitors alike.
