| | | |
| | | |
| | | |
| | | |
| Grand Total | \$5,000,000.00 | |

Please explain how these funds will be used to provide a public benefit:

Holmestown Road (S-1240) serves the rapidly growing South Strand region of Horry County as a vital link in the local transportation network by providing a direct, multi-lane connection between two of the County's major thoroughfares (SC 707 and US 17 Bypass), and it also receives relatively frequent use by bicyclists and pedestrians from the surrounding communities. As the volume of through traffic on our major urban roads continues to grow, the frequency of conflicts between motorized and non-motorized users of the roadway will likewise continue to increase. On Holmestown Road, there have been a total of three (3) separate fatal crashes involving bicyclists (2) and a pedestrian (1) during recent years. The proposed shared use path would help address public safety by providing a safe space for bicyclists and pedestrians to travel along this corridor without having to "share the road" with other motorized vehicles. In addition, the proposed shared use path would complete a missing link by connecting to the existing pedestrian facilities at both ends of the project (on Glenn's Bay Road and on SC 707).
