Please explain how these funds will be used to provide a public benefit:

The mission of the Congaree Complex Community Development Corporation is to serve and empower the people of Lower Richland and surrounding areas to meet their physical and spiritual needs by providing facilities and opportunities that will ensure full access to a variety of economic and education development, services, jobs, and activities. In the past we have provided summer camps for the youth in the area. Reading, creative writing, mathematics, arts and crafts, healthy nutrition, project-based learning, sports (basketball and tennis mini camps) and a special entrepreneurship camp within our camp have been entwined in our summer camp our the years. We also provided employment opportunities for youth between the ages of 13 and 17 to engage in summer employment. The funds will provide a public benefit since this area lack many of the activities we will be providing. All of these opportunities that we offer and will implement through this funding will provide a public benefit because they are opportunities that have are not been given to the people in this area. We want to empower the people of the area to become entrepreneurs and have recreational and educational opportunities that are not available for them. These projects will assist and be a great public benefit. The community will benefit by having the youth and adults of the area engage in a learning environment which will foster independence, enhance self-esteem, and promote work skills. Youth will have a place to come during the time they are out of school which will reduce idle time and crime in the community. Youth will learn more about Internet safety and how to develop a business plan. Everything that the youth learn during the camp will carry over to their parents and guardians and thus to the community.

Organization Certifications
