

## Westminster Senior Outreach

April of 2021, we formed a committee to start searching for a building to renovate for our many Seniors in Westminster and surrounding areas. We were eventually given the Old Pool Building which is what we have been working on for almost three years. We received donations from different organizations to help with the renovations.

City of Westminster  
Oconee County  
Sandvick  
Borg Warner  
Cecil Sandifer Sunday School Class  
Westminster Rotary Club  
Lowe's  
Home Depot  
Members of Westminster Baptist Church  
Numerous small donations from community members

All of these donations went to the company getting the pool building ready for renovations.

Since we had no place for our Seniors to meet, Post 107, Sons of the American Revolution offered their building, which we have been using for over two years while trying to renovate our building. This Grant will allow us to complete our building.

Post 107 charged us no fee for using their building. The only expense we had was the utility fee we had each month to keep electricity on in the building we were renovating. Workers needed lights to stay on so they continue working in the building. We had that expense each month and that was the only expense we had. All other money we had went to the construction co. getting the building ready for renovations. We did not set a budget because all donations went to the renovations. We would

211A Lucky Street  
Westminster, SC 29693  
864.710.4116

contact the Construction Co. when we received donations to cover that project. It was a pay as you go agreement with the Construction Company so we did not need a budget at that time.

We tried to keep five hundred to a thousand in the account after paying the renovations and utility bill.

We have not set a budget for the new building because we do not know what our expenses will be. The board will meet before we move into the building and decide and set the budget for 2024. We have several fund raising events planned and will continue to receive our donations from different businesses and individuals .
