____ Project yet to be started Estimated start date _____ Estimated completion date _____

The City of Greenwood invested \$14,423 on some new and replacement equipment at the Grace Street Dog Park. Originally constructed in 2012, this park has always seen heavy usage and continues to grow in popularity. To keep up with the demand, the City needed to replace some equipment and add new equipment. The entire park is 55 acres and is slated for a Phase II development in 2024-2025. Anticipated to be a "crown jewel" park in the City, Grace Street Park serves as a wooded haven on the City's busiest commercial corridor.

The Organization certifies that the funds have been expended in accordance with the plan provided to the agency providing the distribution and for a public purpose.
