Plan/Accounting of how these funds will be spent:									
Description	Budget	Explanation							
New Irmo Town Hall	\$500,000.00	to build a new Town Hall facility							
Grand Total	\$500,000.00								

Please explain how these funds will be used to provide a public benefit:

Since 1989, the current Irmo Town Hall facility has been a Victorian style home that was built in 1905 and is located at 7300 Woodrow Street in the heart of our beautiful town. This home was renovated in the late 80's to serve as our current office space containing six (6) offices and a reception area. This converted home has provided local governmental services to our Irmo residents for the past 34 years.

As the Town of Irmo continues to grow in population, along with commercial development growth, the need to provide continued efficient and reliable governmental services has become strained. While our current facility has served us well as the Town Hall for the past 34 years, anticipated expansions in staff and services will require a new building for the next 34 years to come.

This request for assistance in funding a new Town Hall will help purchase the physical land along with the architectural and civil engineering plans needed to start construction. Any remaining funds would be applied to the construction costs which are anticipated to be around \$5.2 million.
