

## State of South Carolina Request for Contribution Distribution

This form is designed to collect the information required by South Carolina in accordance with Proviso 117.21 of the appropriations act and Executive Order 2022-19. This form must be submitted to the state agency that is providing the contribution for the designated organization. The state agency providing the contribution should use this form to collect information from the designated organization. The information must be collected from the designated organization before the funds can be disbursed.

Contribution Information				
Amount	State Agency Providing the Contribution	Purpose		
\$1,000,000.00 P280 - Department of Parks, Recreation, and Tourism		Beach Nourishment		

Organization Information				
Entity Name	City of Isle of Palms			
Address	1207 Palm Boulevard			
City/State/Zip	Isle of Palms, SC			
Website	www.iop.net			
Tax ID#	57-6003565			
Entity Type	Municipality			

Organization Contact Information				
Contact Name	Douglas Kerr			
Position/Title	City Administrator			
Telephone	843-886-6428			
Email	dkerr@iop.net			

Plan/Accounting of how these funds will be spent:				
Description	Budget	Explanation		
Supplemental Dune Project (South End)	\$425,000.00	Shifting sand recently placed in the intertidal zone		
Shoal Management Project (North End)		Moving sand from an offshore shoal to erosional areas		
Engineering cost related to shoal management projects (North and South)		Engineering cost related to moving sand for shoal		
Engineering and sand borrow area survey and research for future large scale nourishment		Engineering cost related to nourishment projects		
projects	\$247,500.00	No. 10		
Grand Total	\$1,000,000.00			

## Please explain how these funds will be used to provide a public benefit:

The project involves the construction costs of shoal and dune management projects and engineering costs associated with identifying long term sand sources to address nourishment needs on the Isle of Palms for the next 30 years. The shoal management project at the north end of the island would include moving sand from an offshore shoal to erosional areas as part of a system-wide sediment management plan. This project provides an interim solution to erosional issues and prolongs the life of large-scale nourishments, providing substantial cost savings to the City. The supplemental dune project on the south end of the island involves shifting sand recently placed in the intertidal zone of the beach by the USACE up into a protective berm to protect structures and create a new primary dune.

## **Organization Certifications**

- 1) Organization hereby gives assurance that no person shall, upon the grounds of race, creed, color, or national origin, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any program or activity for which this organization is responsible.
- 2) Organization certifies that it will provide quarterly spending reports to the Agency Providing Contribution listed above.
- 3) Organization certifies that it will provide an accounting at the end of the fiscal year to the Agency Providing Contribution listed above.
- 4) Organization certifies that it will allow the State Auditor to audit or cause to be audited the contributed funds.
