NOTE A: Governmental Accounting Standards Statement No. 96 required the City to recognize principal and inputed interest payments on long term agreements (SBITAs). At the end of FY23, the City had eight such arrangements including Police body-worn and in-car camera systems, Fire Dept training and scheduling systems, parking citation software, Rentalscape short term rental monitoring software and VC3 technology management services. Future annual payments shown here can change, according to each specific agreement (increase by the CPI Index, increase due to # of users, etc).
