RE: Veterans Memorial

ATTN: Ms. Tonisha L. James

The original request for The American Legion to build a Veterans Memorial to honor the 40,000 plus veterans that live in our Indian Land, Lancaster County community in South Carolina has been stymied by multiple issues. We are 19 months into the original program, which was anticipated to be completed in 18 months, and are still in the concept stage.

Because of the following, The American Legion Indian Land Post 250 is removing itself from this program.

1. The American Legion is not the lead on this project and the completion of the project is unknown at this time.
2. To date, no plans have been drawn up and approved.
3. We have not been able to get authorization to change the location.

Enclosed you will find a check for the balance of the funds as shown on the quarterly report.
Check for \$218,065.70

Thank you and God Bless America!

Larry Handeland
Commander
The American Legion
Indian Land Post 250, Inc.

Enclosed:
Cashier's Check for \$218,065.70
Copy of the 4th Quarter and final report for the project.
