Project yet to be started Estimated start date _____ Estimated completion date End of FY 2026

Please provide a detailed spending summary, goals that were accomplished, and how the expenses benefit the public. If project is yet to be started, provide an explanation.

The City of Mauldin signed a development agreement in October 2024 with Hughes Development and Greenville Pro Soccer for the construction of a multi-purpose stadium in the City of Mauldin. Since entering the agreement, site due diligence activities including surveys, geotechnical borings, Phase 1 ESA studies, and traffic studies have taken place. The City and its partners are currently finalizing the stadium design with architects, engineers and consultants. Grading of the site is complete and ready for construction to commence once the design is finalized and permits are obtained. Construction of the stadium is expected to begin by the end of 2025 and funds will be fully expended by the end of FY26. The City, along with its partners, are excited to bring sports and entertainment opportunities to Mauldin and the Upstate of South Carolina by constructing the stadium in an effort to increase tourism and enhance the quality of life for residents.

Organization Certifications

The Organization certifies that the funds have been expended in accordance with the plan provided to the agency providing the distribution and for a public purpose.
