☐ Project is underway
 ☐ Project is complete, funds are exhausted
 Project completion date _____

☒ Project yet to be started
 Estimated start date JUNE 2026
 Estimated completion date JUNE 2027

Please provide a detailed spending summary, goals that were accomplished, and how the expenses benefit the public. If project is yet to be started, provide an explanation.

No funds have been spent at this time as this project has yet to be started. As the Town of Clover recieved these earmark funds, the Town hired a new Town Administrator whose current focus and efforts exist in securing the real estate needed to house the new facility. Once built, this investment will deliver significant public benefits, specifically to enhancing health, community connections, and economic growth. Public Health and Wellness - The facility will encourage physical activity through fitness programs, sports, and walking trails, promoting healthier lifestyles for residents of all ages. By fostering mental well-being and reducing healthcare costs through preventative measures, it provides long-term value to individuals and the state. Stronger Communities - This facility will host events and sports leagues, fostering connections and keeping young people positively engaged. Economic Impact - The project will create short-term construction jobs and permanent positions in management and programming. It will also boost local businesses by attracting visitors for tournaments and events, contributing to economic development. Equity and Accessibility - Affordable programs will ensure recreation opportunities are available to all residents, addressing gaps in underserved areas. Designed for energy efficiency, the facility offers sustainable, long-term benefits. By funding this project, the state will help enhance public health, build community, and drive economic growth, leaving a lasting legacy for the Town of Clover, nearby areas, and the State of South Carolina.

Organization Certifications

The Organization certifies that the funds have been expended in accordance with the plan provided to the agency providing the distribution and for a public purpose.
