## Please explain how these funds will be used to provide a public benefit:

The Friends of the Green Crescent will allocate funds to complete construction of two separate projects in two different locations within the overall Green Crescent Trail network. For both locations, the primary goal is to increase recreational and alternative transportation usage by our local residents and visitors:

- 1. Green Crescent Trail Phase 1 in the City of Clemson an approximately 1.5-mile new section of trail, beginning at the Berkeley Dr/Frontage Rd intersection, continuing through Clemson Park, the Rippleview neighborhood, and ending at Gateway Park
- 2. Green Crescent Trail Phase 2 in the Town of Central an approximately .4-mile new section of trail along a town-owned sewer easement, beginning near the Central-Clemson Recreation Center on Cross Creek Rd and ending in a residential subdivision at Spring Forest Dr.

Phase 1 in Clemson: This segment of trail was selected in response to years of community input and because, after consulting with engineers, designers and stakeholders, it was deemed the most feasible section of trail that also connects important places in the heart of the community. Phase 1 in Clemson will provide much-needed infrastructure improvements to parks long in need of improvements, and it is uniquely located to connect to future spur trails to Clemson University, the South Carolina Botanical Gardens, the Berkeley Dr. pedestrian bridge to Clemson.
