Accounting of how the funds will be spent

Provide below an accounting of how the state funds will be spent*. Total expenditures should equal the total appropriation received. Expenditure descriptions similar to those used in your organization's accounting records should be used to maximize comparability of this budget to your organization's accounting of actual expenditures. For any category exceeding 10% of the total state contribution, provide additional details or subcategories of expenditures.

* Per Proviso 11-9-110, a contribution must not be made to an organization until it agrees in writing to allow the contribution to be audited by the State Auditor.
