Project is underway	Project is complete, funds are exhausted	Project completion date
Project yet to be started	Estimated start date	Estimated completion date 2025

Please provide a detailed spending summary, goals that were accomplished, and how the expenses benefit the public. If project is yet to be started, provide an explanation.

The Town submitted payment to the Army Corps of Engineers in the amount of \$347,846. Those funds will be used for the Army Corps to begin the pre-construction engineering and design (PED) phase of the beach renourishment project. The Charleston District of the Army Corps of Engineers has indicated the Town will be receiving another request for payment this fiscal year (FY23), however we have not received any such request at this time. These funds will be used to reduce coastal storm damages to buildings and infrastructure in the Town of Edisto Beach, South Carolina; protect the only evacuation route; protect important sea turtle and shorebird habitat; and preserve existing recreational opportunities along Edisto Beach. The Town and the Army Corps are currently on tract for a 2025 construction timeline.

Organization Certifications

The Organization certifies that the funds have been expended in accordance with the plan provided to the agency providing the distribution and for a public purpose.
